

PM-BAND-30

300 lb WLL

POLESTAR® POLE BANDING KITS FOR 30" BANDS

PoleStar®

Secure signs, mounts and other objects to round poles and columns using this band kit. The PM-Band-30 kit offers a pair of 30" long bands and tensioning hardware. They are designed for 4" to 6"/152mm pole diameters. The unique bolt kit requires only a socket wrench to secure and tension bands by hand. No special tools or equipment necessary. The 201 stainless band material is easy to work with, offers high strength, a clean appearance and good resistance to oxidation and weathering. These kits are great for both indoor and outdoor use. Custom lengths are available too.

For marine applications, please ask our customer service for an alternative grade of stainless steel banding.
